Introduction

This Savage Tale for Winter Eternal was designed for a group of Seasoned rank heroes. The Wastlands are a harsh environment and will challenge a group of less experienced adventurers. However, by giving the group ample supplies, it should be suitable for a group of Novice characters. For parties of higher rank, when an encounter has a number of adversaries per Player Character, add two more per rank the party is over Seasoned or give them better weapons, more edges, and powers.
